RE: Soldiers' Angels

George,

It was an absolute pleasure to work with you during Soldiers' Angels 2012 annual fundraising gala in San Antonio, TX. The auction items that you provided were a huge hit! We were singularly impressed with the variety and quality of products and packages that BW Unlimited had to offer, including unique autographed sports memorabilia, exotic hunting and fishing packages, and romantic and/or family-fun vacation packages.

Perhaps even more impressive was the expert advice that you provided during our planning, set-up and execution of the event. You're a true professional who's initiative and leadership directly correlated to our overall success.

We greatly appreciate the friendship we've created with you and your organization and look very forward to working with BW Unlimited for all of our future fundraising events. Thanks again for a job very well done!

Sincerely,

Lance Dowd
